### (184) PREGUNTA ESCRITA CONGRESO

**AUTOR/A:** HEREDIA DÍAZ, Miguel Ángel (GS)

#### **RESPUESTA:**

En relación con la información interesada, en primer lugar es necesario indicar que la programación de vuelos en los aeropuertos de la red de Aeropuertos Españoles y Navegación Aérea (AENA), así como los posibles cambios que pueda sufrir la misma, y la cancelación o desprogramación de vuelos, es una decisión que corresponde exclusivamente a las compañías aéreas.

Por otro lado, es preciso señalar que la información de que dispone AENA respecto a las causas que motivan la suspensión de un vuelo o el retraso en el horario programado, es la que los propios operadores aéreos comunican al aeropuerto afectado.

El detalle por compañía aérea y aeropuerto de los vuelos cancelados o retrasados se adjunta en los **anexos I y II**

Madrid, 04 de diciembre de 2017

# Anexo I 184/17764
